**Welcome to the twelve Rotary TV Mega Auction, brought to you by the Rotary Clubs of Fonthill, Fort Erie, Niagara Falls, Niagara Falls Sunrise, St. Catharines, St. Catharines South, and Welland.**

YourTV has been producing various Rotary TV auctions in Niagara for over 40 years. Many hours of effort by their staff and volunteers go into this production. We appreciate the role they play in making this community broadcast possible.

We thank the Pen Centre for again providing space for our warehouse. This year, the warehouse is located on the west side of the Mall, between entrances 4 & 5. Additional storage space was donated by the Seaway Mall in Welland.

Computer systems to manage the auction are handled by Brian St. Hilaire of Grant Thornton (St. Catharines).

Amy Graham, a past Rotary Youth Leadership Award participant, offered her services to develop a comprehensive social media presence for this year's TV Auction.

Many thanks to Serge Paquin of SkyComp Solutions, Brian St. Hilaire of Grant Thornton and Lyle Walker for their efforts in building and maintaining our computer hardware and database systems. This is our third year using an online bidding process. We thank Stephan A. Edelman of NewAce Corporation, for providing the expertise and technology for making this website happen. ## **COVID-19 Response by the Rotary Clubs of Niagara bringing you the MEGA Rotary TV Auction**

The Rotary Clubs of Niagara stepped up when the COVID-19 pandemic hit in early 2020. Known for supporting local and international communities, Rotarians found new and innovative ways to support those most vulnerable in Niagara.

Using Rotary District 7090 grants, several Clubs joined with local businesses to supply needed food and supplies for the Hope Centre and Pelham cares. Several Clubs joined together to purchase tablets for Niagara Region's long-term care homes so that residents could have a virtual visit with families.

The Rotary Club of St. Catharines, with support from other Rotary Clubs in Niagara and Central and South America, purchased a mask sanitizing machine from a Niagara business for the Niagara Health System.

Rotarians stepped up to make masks, provide survival kits to soup kitchens, provided meals to essential front-line essential workers, worked with other community organizations to provide lunches to school children while at home, and provided masks and sanitizers to a local trucking company that provides International essential provisions

In all, direct connections and donations were provided to over 15 groups and organizations to help make lives a bit more comfortable during the early months of the pandemic.

This is where some of the money raised from the MEGA Rotary TV Auction is directed.

It is what Rotarians do.
